EXPERIENCE

UX Designer @ ESimplified
Co-op Placement | May 2025 - September 2025

Conducted research in the form of **competitive analysis** and feature benchmarking to define UX strategies for a new real estate application.

Participated and collaborated in regularly held **cross-functional ideation** sessions using FigJam and Miro boards.

Evaluated early-stage concepts, including paper sketches and **low-fidelity wireframes** on Figma

UX Designer @ Public Knowledge Studio
Contract, Remote | April 2024 - May 2025

Designed **style guides**, wireframes, and **prototypes** using Figma, for the studio's clients including a fashion retail app and a mental health support app.

Conducted **usability testing** sessions for an AI-powered mental health application, analyzed results, and contributed to **iterative design improvements.**

Created communications material like **presentation decks** to showcase research, creative strategies like monetisation, and design workflow progress for stakeholders.

Service Centre Assistant @ Trent Student Housing
Part Time, Student-Staff | October 2023 - April 2024

Assisted a diverse range of students with **high-quality customer service**. Responded to student housing inquiries, maintenance requests, and provided booking assistance across phone, email, and walk-ins.
